

I am writing about the new ruling that Low Power FM stations will now be give priority over current FM stations. I listen to K-Love 96.9 FM in the Dayton, Ohio area. Please do not take this station off the air. This contemporary Christian station gave me great comfort during my father's illness and death. The many testimonies I've heard from others on the station and personal friends shows the value of this station in people's lives. It give local Christian events promotion and reaches so many people who never have gone to church or had a spiritual life. It changes lives for the better, therefore this effects the community in a positive way. Thank you for this opportunity to air my feelings and please do not take K-Love off in the Dayton, Ohio area or any other area of this country.
